- At registration, patients are provided a document describing the availability of the uninsured discount as well as other discount options that may be available (Exhibit 1).
- The Financial Assistance Application is available at the facilities and by mail.
- Signs that prominently present information about the charity mission and guidelines are present at all points of admission.
- A patient document, entitled "A Guide to Your Hospital Bill" is provided to patients. This document explains the billing process and also provides information on the Financial Assistance Policy.

The Application allows for the collection of information in accordance with state law and the income and documentation requirements set forth below. In the case of repeat hospital visits, SDHP will attempt to re-verify with the patient or responsible party the Application and income information for each subsequent encounter; however, a new Application and new supporting documentation must be obtained after twelve months have passed.

Calculation of Immediate Family Members Patients requesting financial assistance must verify the number of family members in their household.

Adults. In calculating the number of family members in an adult patient's household, include the patient, the patient's spouse and any dependents.

Minors. In calculating the number of family members in a minor patient's household, include the patient, the patient's mother, dependents of the patient's mother, the patient's father, and dependents of the patient's father.

Income Calculation. Patients must provide their household's yearly income.

Adults. For adults, the term "Yearly Income" for purposes of classification as Financially Indigent or Medically Indigent in accordance with this Policy means the sum of the total yearly gross income of the patient and the patient's

spouse.

Minors. If the patient is a minor, the term "Yearly Income" means total yearly gross income from the patient, the patient's mother and the patient's father.

Income Verification. Patients or the responsible party must verify the income reported on the Financial Assistance Application in accordance with the Documentation Requirements set forth below.

Documentation Requirements. The income reported on the Financial Assistance Application may be verified through any of the following mechanisms:

Income Indicators. By the provision of third party financial documentation, which may include but is not limited to, IRS Form W-2, Wage and Tax Statement; Pay Check Remittance; Individual Tax Returns; telephone verification by employer; bank statements; Social Security payment remittances, unemployment insurance payment notices, or Unemployment Compensation Determination Letters. Additionally, the Company considers the economic demographics of the zip code in which the patient resides.

Participation in a Public Benefit Program. By the provision of documentation showing current participation in a public benefit program such as Medicaid; County Indigent Health Program; AFDC; Food Stamps; WIC; Texas Healthy Kids; Children's Health Insurance Program; or other similar indigency related programs. Proof of participation in any of the above programs is required with the completed Financial Assistance Application.

Verification Procedure. In determining a patient's total income, SDHP may consider other financial assets and liabilities of the patient as well as the patient's family income and the patient's family's ability to pay. If a determination is made that a patient has the ability to pay the remainder of the bill, such determination does not preclude a re-assessment of the patient's ability to pay upon presentation of additional documentation.

Classification Pending Income Verification. SDHP may consider a request for financial assistance at any time before, during or after the dates of service. During the

verification process, while SDHP is collecting the information necessary to determine a patient's income, the patient may be treated as a private pay patient in accordance with SDHP policies.

Inconsistent or Incomplete Information. This policy in no way limits SDHP's ability to conduct additional due diligence concerning a patient's ability to pay if information provided by the patient during the application process appears to be inconsistent or incomplete. For example, SDHP may choose to inquire why little or no assets were reported if a patient's income is high.

Information Falsification. Falsification of information may result in denial of the Financial Assistance Application. If, after a patient is granted financial assistance, SDHP finds material provision(s) of the Financial Assistance Application to be untrue, charity care status may be revoked and the financial assistance may be withdrawn.

Classification as Financially Indigent Financially Indigent means an uninsured or underinsured person who is accepted for care with no obligation or with a discounted obligation to pay for the services rendered based on the Charity Care Eligibility System.

Classification. Patients may only be granted classification as Financially Indigent if their Yearly Income is less than or equal to 200% of the poverty guidelines updated annually in the Federal Register by the U.S. Department of Health and Human Services ("Federal Poverty Guidelines"). The updated Federal Poverty Guidelines should be applied beginning the first day of the month following their release.

Classification as Medically Indigent Medically Indigent means a patient whose medical or hospital bills, after payment by third-party payers, exceeds a specified percentage of the person's Yearly Income, and who is unable to pay the remaining bill.

Initial Assessment. To be considered for classification as a Medically Indigent patient, the amount owed by the patient after payment by all third-party payers must exceed ten percent (10%) of the patient's Yearly Income and the patient must be unable to pay the remaining bill. If the patient does not meet this initial assessment criteria, the patient may not be classified as Medically Indigent.

Acceptance. SDHP may accept a patient who meets the Initial Assessment criteria for Medically Indigent and meets the criteria set forth below:

Yearly Income Between 200% and 500% of the Federal Poverty Guidelines. The patient's income must be greater than 200% but less than or equal to 500% of the Federal Poverty Guidelines. In these instances, SDHP will determine the amount of financial charity assistance granted to these patients based upon the patient's Yearly Income as compared to the poverty guidelines updated annually in the Federal Register by the U.S. Department of Health and Human Services ("Federal Poverty Guidelines"). The range of discount will vary from 40-90%. The uninsured discount will be applied to the remaining balance due after the charity discount is applied.

Approval Procedures. SDHP will work with all uninsured patients to determine eligibility for Medicaid or charity assistance, as outlined in the "Uninsured Patient Information Document" attached as Exhibit 1. Patients will be notified by mail of eligibility for financial assistance once the application has been reviewed and processed. In reviewing an application for approval, Shared Service Center (SSC) Management will make the determination of eligibility, including a determination that reasonable efforts were undertaken to determine eligibility. Such manager may also make further inquiry into available information such as assets, etc. to determine a patient's ability to pay or make further inquiry regarding qualifying the patient for governmental or other funding.

In the event that a patient does not qualify for charity assistance, or the patient is responsible for a portion of the balance after charity assistance has been applied, the uninsured discount will be applied to the account. The amount due will not exceed amounts generally billed to patients with insurance as determined by using the look-back method described in the Internal Revenue Service Regulations. Patients may request information on this calculation by submitting a request to the following:

Patient Account Services
6000 N.W. Parkway Ste. 124
San Antonio, TX 78249

Please take notice that if you do not submit a financial assistance application within 120 days from the date of the billing statement then the hospital facility (or other authorized party) may take certain actions against you in order to obtain payment of the bill including, but not limited to, reporting adverse information about the debt you owe to the hospital facility to credit reporting agencies or credit bureaus, and/or filing a civil lawsuit in order to obtain a judgment against you for the amount that you owe to the hospital facility.

Uninsured Patient Information Document

This document is intended to help provide uninsured patients with an understanding of the financial aspects of their healthcare. Patients covered by automobile, third party liability or other reimbursement that may be billed for these services, will not qualify for the uninsured discount.

This document also provides options available to assist you in resolving your account. In an effort to assist uninsured patients, HCA will apply a discount to your account and then will work with you to resolve your remaining account balance.

The following information is an outline of how an uninsured account will be processed and the discount options that may be available to you. If you have received an elective cosmetic or flat rate procedure, these discounts do not apply. Otherwise, HCA discounts all uninsured bills. The discounted balance due on the account is expected to be paid in full at the time of service.

- Total charges for services provided are applied to the account
- Uninsured discount is applied to total charges, thereby reducing the account balance
- If you are unable to pay the discounted account balance in full, we will work with you to establish monthly payment arrangements.
- If you cannot establish monthly payment arrangements, we will assist you with applying for Medicaid assistance
- If you obtain Medicaid we will bill them and you will only be responsible for any non-covered charges
- If you do not qualify for Medicaid, you may complete the Financial Assistance Application, provide supporting documentation as needed and have this visit reviewed for a potential Charity discount
- If you qualify for a Charity discount based upon Federal Poverty Guidelines, your account will be considered paid in full. If you do not meet the required Federal Poverty Guidelines, you will need to make arrangements to resolve your bill immediately.

HCA provides a 100% discount on approved charity accounts. All other uninsured accounts will receive a partial discount.
